

## **Permit and Zoning Questions**

- Do I need a permit to erect a fence?

Yes. The City Assessor can be contacted at 906-774-3526 for details.

- Do I need a permit to erect a deck or a shed?

A permit is required for a deck and a permit could be required for a shed. There are also setback regulations for sheds that have to be followed. The City Assessor can be contacted at 906-774-3526 for details.

- Do I need a permit to demo a house or garage?

Yes. Contact the City Assessor at 906-774-3526 for specific information.

- How do I obtain a building permit?

A Zoning Permit must be obtained from the City Assessor first. After the zoning is completed, the construction code office will issue the actual building permit.

- Where can I find the zoning regulations?

All of the zoning regulations are listed on the City of Kingsford website. Go to the “City Business” tab and select “Ordinances.”

- Do I need a permit from the city to operate a business within city limits?

The City does not require any special permits to operate a business within the city limits at this time.
